Goals

Every end-of-year, most of the world looks back to see the major events, changes, milestones and even problems, that have been part of the 365 days that are coming to a close.

There are some things that I am learning are called 'Sustainable Development Goals (SDGs). The whole world is supposed to have achieved certain goals by the year 2030. Now that 2025 is said to be the mid-point, it must be that Agenda 2030 was set out to be a 10-year focus period. What was to happen? We are supposed to ensure that the temperature of the Earth does not go beyond 1.5° Celsius. I thought the wind was supposed to run across the deserts, ice-caps, oceans, clouds, rain and Githurai at terrific speed and take care of this whole thermometer thing all by itself, but I suppose it is more complicated than that. Anyway, the report now is that we are failing. 2025 is one of the hottest years this rolling sphere has seen yet. Perhaps it has to do with all the rockets that Hamas and Ukranians have been shooting? Or maybe the exhaust fumes from my 30-year-old car? Somehow, we should all do something about how warm we want the Earth to be, lest we are cooked.

Six Hundred million people (600,000,000) will face hunger in 2030. That is just so distressing. I must not waste food after my meal. Mrs. Asumbo refused to leave her pancake on the plate after breakfast today, and I had to help her take care of it. I think that is what I should be doing.

Husband and wife are not yet equal. This is very sad. This being the 30th Anniversary of that male-hated thing called Beijing Declaration, the UN has announced that Mrs. Mbugua is equal to Mr. Mbugua, so I should behave myself in a manner likely to suggest that this equality (although she is actually taller and I'm not complaining), should be realized by 31st December 2025. I have 34-and-a-half days to shape up, otherwise Earth will miss this goal by 2030.

There are a few other global concerns, especially about AI. Everywhere I turn I hear AI. The first time I read about it, I thought it should be pronounced, "AAAH-Eeee", the way we Kikuyus exclaim when we are perplexed. And since I'm still perplexed and don't understand AI, we will leave this one at that and hope that on Black Friday or any other Friday, no one is going to steal your name and clean out your account on Amazon Express. The warning is out to the 300,000,000 of you.

Here at Trinity Fellowship, we have a rather humble goal. It is to Send Forth the Full Gospel of Salvation, Healing and Deliverance… to the Rising Generation… in the schools and colleges in Kenya. To as many as possible, but also as deeply as possible in time, content and contact. Read all about it inside.

Me thinks that if every human being was doing what we are saying in TF, the Earth will be much cooler, especially in Eldoret, where the Lord gave us this year a new piece of land from where to preach the Gospel. We thank Him awfully!

Blessed Christmas and Happy 2026!

Mbugua P. Gitu
Editor | General Secretary

MOUNTAINS OF MINISTRY IN MURANG'A

Our Trinity Fellowship team operating in Murang'a give encouraging reports of God at work through them, whether it is consistent and fruitful ministry engagements in Mumbi Girls' High School and Vidhu Ramji Secondary school or at Murang'a University of Technology or church. The discipleship classes, held every Sunday evening, in Mumbi Girls', culminated in a colourful graduation to celebrate 65 students who completed the second cohort. The students are growing to know and respond to the Gospel even as they develop a consistent and personal devotional life. There were a number of encouraging testimonies from the students of their growth in Christ as they study His Word and get involved in serving their Lord. It was also encouraging to hear that the Christian Union Patron, who previously underwent Consistent Bible Reading (CBR) training held at Full Gospel Church of Kenya, Murang'a – with Munguti leading the training – convened a CBR class for the CU students. During the Discipleship Graduation, 20 students were given a special mention as doing very well in their daily Bible reading.

The Murang'a University of Science and Technology small group ministry on Thursdays and Fridays has been very consistent with Isaac teaching two new groups on *The Normal Christian Birth* and Munguti focusing on the disciplines of a growing believer. There have been some discussions in regards to false teachers and teachings, thus enabling the young men and women to use spiritual discernment as they grow in their faith.

Munguti is encouraged that the CU Leadership have engaged the Trinity Fellowship in various CU ministries, due to the fostering of strong ministry ties. Munguti was privileged to teach the Bible Exposition Self-Training Program (BEST-P) on Expository Preaching. It was a joy to partner with the CU in holding a Hymnal Kesha (overnight meeting) in the University on 31st October, 2025. This was a first at the university, with around 85 students attending, along with most of the T.F. team from the Nairobi and Central region and associates, totaling 105. There was spirited singing of hymns, prayer and sharing of a devotion. The students appreciated the event and desire to have more. Praise the Lord! During the recently concluded AGM for the University CU, Trinity Fellowship was acknowledged as a key ministry partner to the CU. We thank God for the opportunity to shape the lives of the university students through intentional discipleship ministry, while praying that the work will expand in the area. One of the prayers the Murang'a team-of-two want to lift to the Lord is their desire for and the need for interns in Murang'a for the purpose of Kingdom-expansion in the schools.

The ministry to Full Gospel Church of Kenya – Murang'a is exciting, with a mostly youthful congregation from the university and nearby colleges. The team runs a Discipleship class every Sunday, 8am – 9am, for 23 weeks. The ongoing class is the 10th cohort. They also run a Consistent Bible Reading (CBR) class. The 7th cohort graduated on 19th October, 2025 with 16 graduates.

On 10th October, James and Henry, our teammates who share Christ and disciple students in Kikuyu, had a great opportunity to minister to the young men and ladies from the University of Nairobi Kikuyu Campus Christian Union on Biblical *Manhood, Womanhood and Romance.* Following the ministry, our team mates were encouraged to learn that those who attended were greatly edified. Some of the participants expressed their appreciation of the Biblically-based sharing, the help and equipping that they received, thus enabling them to pursue romance God's way, built on a godly foundation. There were many questions, showing a great desire to be enlightened on this pertinent matter.

James and Henry, share more heartening reports of the recent camp held at Alliance Boys High School, from 17th – 19th October. It was a joy to see a good many attending, but especially candidates, who despite the pressure to prepare for their Kenya Certificate of Secondary Education (K.C.S.E.) exams, chose to consistently attend the sessions, this being their last mini-camp as students at the school. God graciously used the different speakers to bring forth His Word accurately for the instruction and edification of these young men-in-the-making. It was encouraging to have more support from teachers, with attendance by some at every session. A teacher shared that the training was beneficial not only for students but for themselves too. The consistent ministry at the school and campus, be it preaching in the Sunday service or holding sessions where the young people are carefully discipled, is indeed bearing spiritual Kingdom fruit.

NAIROBI MINISTRY—Investing in Training C.U. Leadership

The Nairobi team have been faithfully running the Christian Union Leadership Training at Moi Forces Academy every Sunday. In this way, they seek to equip the CU leadership so that they will minister God's Truth, God's Way in the school.

Ministry to interns (be they short or long-term) is greatly beneficial. These young men and women grow in their knowledge and love of the Lord and in their relationship with Him. It spills over into their lives and ministry. Interns who invested in their spiritual growth are now back at University and sharing what they learnt as they disciple 1st year students. How wonderful to see ministry multiply!

Our Nairobi teammates continue to meet with students and disciple them in small group settings, where they study God's Word and grow in Him. The team held a joyful associate's day on 22nd November with around 40 attending. There was a consensus to intentionally participate in TF's activities and plough back into the ministry from whom they received nurture. It was a joy to hear testimonies of discipleship ministry taking place in schools and churches.

ELDORET—Explosion of Ministry in Rift Valley Region

Paul and team thank God for the successful "Great Commission Families" summit that took place in Eldoret from 24th – 27th October. In this forum they addressed pertinent matters on relationships and marriage, with sessions for those approaching marriage as well as for those already married. There were 82 participants for the four-day summit. The delegates shared that they were greatly helped and enlightened on all that was covered, whether on family, marriage, parenting in this digital age, finances, accountability or ministry as a couple. Several couples were "interviewed" and shared on marriage and their vision of ministry both within the family and beyond. God graciously brought emotional healing to those who suffered from abusive or dysfunctional homes. The team thank God for the success of this ministry.

Currently, Paul is ministering in a Kenya Students Christian Fellowship (KSCF) camp in Baringo, as the Bible Expositor, along with 4 Trinity Fellowship associates from Eldoret, who are facilitating Bible studies and teaching on 4 topics. It is truly delightful to minister alongside a sister organization. As a ministry we desire yet more of these partnerships to develop and flourish nationwide. Running concurrently with the camp, the TF facilitated a training for the high school teachers and patrons on issues related to student ministry and the need to be godly role models, committed to the work that God has granted them.

With the University Lecturers' strike now over and students back to their studies, the Eldoret team is back to the ministry of discipleship amongst students in 5 universities in the Rift-Valley region. They are thrilled that there is an opening for Trinity Fellowship ministry in Laikipia University. This is a new venue which opened up courtesy of a former university student who received discipleship ministry from our team. Now on staff at the university, she recommended Florence as a speaker for the Christian Union. Florence shared on Godly Relationships, knowing that this is a very pertinent issue for these young men and women. This was of great help to the students, many of whom are floundering in this area, making wrong choices that have resulted in loss of faith. The students expressed their appreciation to Florence as they received godly counsel and guidance in this area and started to align themselves with God's redemption and His ways. Our team looks forward to ongoing engagement at this university. Again, the North Rift team is encouraged by yet another opening door – in Kaimosi University. They were invited to share in the Sunday service and discussions are underway on having weekly discipleship classes. Praise and pray for these opening ministries and for lives transformed for God's glory.

James Katasi, a new TF staff member, has taken up the ministry mantle from John and Carol Mwangi, former TFers, in Kabianga University's 2 campuses, both main and satellite. He has been engaging first year students through discipleship classes and in the Christian Union's Missions Training. Currently one-on-one discipleship is underway. Do pray for the provision of housing as he is currently being accommodated by a lecturer.

Bomet University, a relatively young university, is booming in the South Rift region, with a great influx of students. The Rift Team have just this month sent one associate, Yusuf, to minister in this university as a volunteer. Pray for him. The doors are wide open as there is no discipleship ministry in the university. He has met with the leadership and has already participated in the training of CU leaders. Regular discipleship classes are to start next semester in the new year of 2026. Through these two universities, the team hopes and prays for an explosion of student ministry in the South Rift Region.

TAKING NEW TERRITORY

Rev. Paul, stationed in Bondo, shares that the recently begun ministry at JOOUST Kisumu campus continues to pick up momentum. On 1st November, Mr. Otolo, our TF Chairman joined with Rev. Paul and 10 CU officials from JOOUST, Kisumu campus, 4 from JOOUST, Bondo and 1 from KCA Kisumu at Trinity Fellowship's Maseno Centre. Mr. Otolo and Rev. Paul took the students through a discipleship vision casting session in order to introduce the concept of discipleship and expectations as they look forward to rolling out Discipleship Training in the new year in this new university venue.

Paul is also encouraged to be in conversation with Maseno University Kisumu Campus students regarding campus ministry and how Trinity Fellowship can offer spiritual mentorship starting in the new year. It truly is encouraging to see ministry opportunities opening in more institutions of higher learning.

A GOD GRACED CAMP

Rev. Paul Ololo, who heads the team in western Kenya, shared the great report on the one camp in Nyanza that has already taken place at the start of the school holiday in a new and pleasant school venue. The camp theme was *Grace Beyond Measure*, from Titus 2:11, with teachings from the book of Titus. 210 students attended the camp. There were 67 recorded confessions of salvation, 83 receiving the infilling of the Holy Spirit and 67 who received a healing touch from the Lord. Praise God! Students that Paul has ministered to in Jaramogi Oginga Odinga University of Science & Technology (JOOUST) in Bondo came to assist with camp ministry, teaching those who accepted Christ as Saviour some fundamentals of The Faith: Assurance of salvation, daily Bible reading and prayer. They also assisted in Praise and Worship and led Bible Studies. The camp students greatly appreciate all that they learnt and how they grew both in the Lord but also in their academics and life. The teachers and Deputy Head appreciated the running of the camp, with the discipline and cleanliness of students being noted. Praise God for successful ministry.

COUNTING THE COST

Martin finds it a great joy and privilege to partake in the Great Calling of sharing the Gospel in the remote region of Marsabit amongst a community who could be considered as "the ends of the earth". He is engaged in ministry among students at Laisamis Technical Institute, where he shares the Gospel and encourages the pursuit of Gospel-centred lives. For some students, there is a struggle between love of the Lord and love of the world. For others there is the fear of rejection by their families and community, for following the Lord would contravene cultural practices. Truly there is a cost to following Christ, but the joy and freedom of doing so is incomparable. Almost four years ago, when Martin moved to Laisamis, he started evangelism and discipleship ministry at Africa Inland Church (AIC) Laisamis, with the intention of evangelizing and establishing young people, training and equipping them so that they could reach out to their own people. Martin has had opportunities to minister to the youth and the whole congregation. As a means of ministry exposure for the youth, he encouraged them to choose a village where they would have regular evangelistic outreach. Tirgamo was the choice. The youth engaged in evangelism, and before long the whole church joined in the outreach, the last Sunday afternoon of the month. There has been spiritual fruit resulting in a small local church being built in Tirgamo village, thanks to friends of AIC Laisamis. What a joy to see a new congregation gathering to worship the Lord.

FVCA CLEBRATES 24 YEARS

This year we celebrate our 24th anniversary as Faith Ventures Christian Academy. From very humble beginnings in 2001 with a handful of students in a tiny space, the school has grown by leaps and bounds. It has not only survived Covid 19 and hard economic times, but has grown in size and renown, with a student body of 290+ and a staff of 49. The Administrator, Ronald Amaganga, shared note-worthy accomplishments: a great year of learning for all and with one student completing 2 years work in 1 year and that with impressive grades! Acceleration at work! There have been more students admitted, co-curriculum programmes have grown and are thriving. Students are participating in national and international competitions and student conventions, be it in chess or tennis, Art and much more. FVCA is the first school in Kenya to mainstream Coding and Robotics from preschool to high school. Most importantly, the students grow not only in their academics and skills, but also in their knowledge, love and in the ways of the Lord in this Christian environment – using the international Accelerated Christian Education (ACE) homeschooling curriculum.

NOTICE BOARD

RECENT CAMPS & CONSORTIUM

Currently schools have closed. Those who are ending primary, junior high and high school are sitting exams. As school ministry pauses, camp ministry gears up. Our teams are busy in preparation for the three upcoming camps: in the northern region of Marsabit, in Western and close to Kenya's southern border with views of Mt. Kilmanjaro. There is also a Teachers' Consortium in Eldoret, an annual event run by our TF teams. Do pray for all those who minister and those who attend. May the Lord be magnified.

RECENT & UPCOMING EVENTS

RELATIONSHIP SEMINAR: *Eldoret, 24th—27th October*
TF CAMP: *Alliance High School, 17th—19th October*
TF CAMP: *Migosi Comprehensive School, Kisumu, 7th—12th November*
TF CAMP: *Teule Center Loitoktok, 9th—16th November*
TF CAMP: *Maseno Girls Boarding, Kisumu, 28th Nov—3rd December*
TEACHERS'CONFERENCE: *EA Bible College, Eldoret, 17th—22nd December*

TF VISION & MISSION

Trinity Fellowship is about Evangelism, Discipleship and Mercy Ministries. Through our teams we *Pray and Work for the Revival of New Testament Christianity in Kenya.*

Our Mission is *to send forth the full Gospel of Salvation, Healing and Deliverance to all who are oppressed of the Devil especially the rising generation in the schools and colleges in Kenya.*

DONATIONS

You can offer your financial support through the following:

M-PESA — Paybill 511800, Trinity Fellowship

Alternatively, please contact us if you would like to channel funding through any other means.

THANK YOU FOR GIVING SO THAT WE CAN KEEP ON GOING

We owe a huge debt of gratitude to each and every one of you who **give**, **pray** and **stand with us** in a multitude of ways to see "His kingdom come…" here in Kenya and beyond; as we – the TF team together with you – "lay up treasures in heaven" where nothing will destroy… all for the glory of the Lord. As you have invested in the lives of countless, through your partnership, may you hear the Lord say, "Well done thou good and faithful servant." Thank you for caring and sharing and investing for an eternal reward – with sons and daughters ushered into the family of God, saved, healed and delivered from the bondage of darkness into the glorious light and love of Christ.

Wishing Everyone a Merry Christmas and a Happy New Year!

Would you like to partner with us and be MORE involved? You may do so in 3 specific ways. Pray for us, minister alongside us in camps and outreach and support us financially or in kind. We have 2 Priority Areas of need that you could give to: 1. Translation and publishing of **The Misingi Story into 2 new languages;** ***2. Support for camps and Internship Programmes. God is faithful !***
